

Rockefeller ETFs

Enclosed is the 2025 Tax Form for your account with Rockefeller ETFs. The Form provides information on any applicable 2025 distributions and proceeds from redemptions. Please note that all information contained in this Statement has been provided to the Internal Revenue Service. In addition to the tax information provided on your enclosed Tax Form, below is supplemental information to assist you with the preparation of your 2025 income tax returns. Please consult your tax advisor for the specific application of any items below relating to the preparation of your tax returns.

Federal alternative minimum tax

The federal AMT applies to individuals who enjoy certain tax benefits, such as large deductions or exclusions from income. This tax prevents those individuals from avoiding a minimum tax liability on their income. Federal AMT income may be found on Form 1099-DIV, Box 13.

If your tax-exempt fund invests in certain private activity bonds, you could be subject to federal AMT. The percentage of your fund's tax-exempt income that is subject to federal AMT is in the table below.

<u>Fund Name</u>	<u>AMT% (see Box 13)</u>
Rockefeller California Municipal Bond ETF (RMCA)	19.23%
Rockefeller New York Municipal Bond ETF (RMNY)	15.06%
Rockefeller Opportunistic Municipal Bond ETF (RMOP)	13.56%

Tax-exempt income by state

In addition to its exemption from federal income taxes, a portion of your tax-exempt income may be free from state and local income taxes, depending on the tax laws of your state or local taxing authority. The percentage of your fund's tax-exempt income by state is outlined in the table below. Tax-exempt income is reported in Box 12 on Form 1099-DIV.

Please consult your tax advisor to determine whether you are eligible for state tax exemption for this portion of your fund's income.
